

SAFETY REGULATION

NOTE!

Do not dispose of used devices and / or batteries with household waste. For proper disposal of this product, please contact your local city office, your waste disposal services or the dealer where you purchased this product.

NOTE!

Do not expose this unit to rain, moisture, **dripping** or splashing. Do not place objects filled with liquids on the unit. Do not repair the unit yourself. Refer servicing to qualified service personnel.

NOTE!

An too loud sound level can cause hearing damage. Check the volume settings before turning on the device.

SAFE CHARGING OF THE HDC SYSTEM

NOTE!

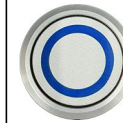

- Do not use damaged power cords or damaged or loose plugs or sockets. There is a risk of electric shock or fire.
- Connect the power cord to a wall outlet or to an extension cord with an earthed plug. If the power supply is not grounded, it can cause electric shock.
- Connect the power cord to the wall outlet securely. Otherwise there is a risk of fire.
- Do not unplug by pulling on the cable. If the cable is damaged, there is a risk of electric shock.
- Keep the power cord and the power outlet clean so that they do not become covered with dust. Failure to do so could cause a fire.
- Do not bend the power cord excessively or place heavy objects on the power cord. It is extremely important to keep the power cord out of the reach of small children and pets. If the cable is damaged, there is a risk of electric shock and / or fire.
